

Job Description – Part-Time Seasonal Groundskeeper

Reporting and Department

Department: Course and Grounds

Position Reports to:

A part time seasonal groundskeeper acts under the direct supervision of the Golf Course Technician, the Arborist/Foreman, the IPM Technician and also takes direction from the Assistant Superintendents and Course Superintendent

Position Summary:

The part time seasonal groundskeeper performs routine manual labour involved in golf course maintenance from late spring until early fall, including maintenance work, operation of small hand-powered equipment and some construction.

Essential Function:

- Perform daily maintenance of greens using walk-behind mowers
- Perform daily maintenance of bunkers with Sand Pro and rake
- Use walk-behind rotary mowers to cut rough areas of the golf course
- Replace all divots
- Blow debris with backpack or hand blowers
- Edge bunkers, curbs and gardens with weed whip
- Help with general course cleanup
- Assist as directed on aerating days
- Assist as directed on construction projects that involve sodding and seeding
- Clean machines daily after use
- Clean the shop and lunchroom areas as assigned
- Use all equipment in a safe and responsible manner as outlined in the Health and Safety manual
- Fill out a job sheet at the end of each day
- Complete maintenance and construction duties as directed
